

Sprummer is all about good times and authentic Beijing-fusion tapas and street food with an edge on Lonsdale Street. We are bringing memories of the Aussie-Chinese expat social life straight from the hutongs of 北京 Beijing to 堪培拉 Canberra.

Ah yeah, the old good of days of eating 串儿 (chuar) aka cumin and chili lamb skewers by the side of the street and downing it with a long neck and god forbid, shots of baijiu aka Chinese spirit! Always a night of biblical proportions ... followed by karaoke...
